To Whom It May Concern:

Our company is a Contract Research Organization (CRO) operating in Central and Eastern Europe and since we started activities in 2012 we have been engaging Image In Travel to organize the team building events for the whole company as well as daily business trips for our Bulgarian employees.

We know Image In Travel and namely the CEO, Tatiana Stoimenova, for more than a dozen of years now. We used the services of Image In Travel in our previous company as well, also an American owned and managed CRO.

Image in Travel have organized four team building events for August Research so far and did a great job. We have a team building event in a different country each year which adds an extra challenge as far as travel and lodging is concerned. Image In Travel organized flights and ground transportation for colleagues coming from six or seven countries and did it in a timely and cost efficient manner.

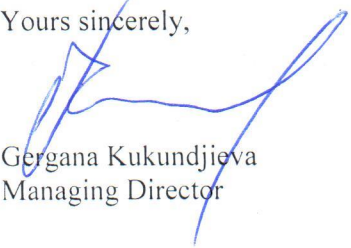

The lodging has been a very important element of our team buildings and we are happy Image In Travel manage to help us with both making a decision about the venue and also run the event. We usually do trainings and have specific requirements when it comes to meeting rooms, coffee breaks and dinners/lunches. Image In Travel have always been very responsive and supportive in all this.

Apart from our own team building events, we have also worked with Image In Travel on events our clients have asked to organize for them, for example an Investigators' Meeting in Belgrade in February 2014. Image In Travel did an excellent job and this helped us develop further the cooperation with our client.

Herewith, I would highly recommend Image In Travel for organizing transportation and lodging for individual trips and company events.

Should you have any questions or need additional information, please do not hesitate to contact me at the e-mail address and mobile phone listed above.

Yours sincerely,

Gergana Kukundjieva
Managing Director
